SUMMER READING OPPORTUNITY

Reading can introduce children to new ideas, experiences, and concepts, letting their imaginations run wild. At Precious Childcare and Preschool, reading together is an essential part of preparing for school and for life as it helps to build vital speech, communication, and literacy skills. Reading aloud is widely recognized as the single most important activity leading to language development.

Did you know that students who are exposed to reading before preschool are more likely to do well in all facets of formal education? As a parent, you have the power to boost your child's learning potential by making books an integral part of their lives. Engaging children in an exciting and enjoyable group educational experience lays the groundwork for a successful transition into a school setting and a lifetime love of reading and learning.

The Lynnwood and Mill Creek libraries have numerous preschool and toddler story time events during the day and in the evening.

Visit <https://sno-isle.libnet.info/events> for more information.

If you are going on vacation please be sure to tell Mrs. Julie at least two weeks prior to your scheduled vacation so you can get your vacation credit.
